The Opportunity

This is a genuine opportunity to be part of the development and longer-term transformation of one of the UAE's largest and most respected private business groups. The group consists of various autonomous companies in diversified sectors. It has grown considerably from small humble beginnings many decades back, to a substantial conglomerate with a diverse range of businesses operating across seven core divisions and servicing many regional and international markets. Today, group revenues are in the USD Billions.

As a major operating business of the group, the Consumer Group (CG) represents several distribution and manufacturing-based operating companies in the FMCG sector with an export business covering 35 countries.

A key subsidiary in the manufacturing space under this business unit comprises 3 entities focused on different product categories – namely beverages, frozen food, and snacks – manufactured and distributed under their own brand names.

Today, the three businesses are somewhat challenged given a combination of market and internal factors that have ultimately impacted growth and market share in some of their key brands.

Moving forward, the Group have decided to focus their efforts and investment in developing their consumer businesses. Hence, this presents a turnaround scenario, and an opportunity to genuinely transform a suite of current, and future, assets into a highly profitable, sustainable, and scaled consumer portfolio.

The Group have already hired a world-class consumer CEO to oversee the portfolio's turnaround and transformation. The Group are now supporting the new CEO's desire to build and develop the CEO's key functional leaders – leaders who have the muscle, drive, tenacity, ambition and attitude of deliver on this exciting journey. In this regard, we are seeking a world-class Chief Financial Officer.

The Position

Chief Financial Officer (CFO)

The CFO reports to the consumer group Chief Executive Officer and functionally to the Group Chief Financial Officer at the Holding level. He/she is a key member of the executive leadership team and will play a critical role in the overall success of the business.

Key responsibilities include:

- Overall responsibility for the finance and accounting function while partnering with the CEO to assist in formulating the consumer group's future direction and support tactical initiatives
- Participate in key decisions as a member of the executive management team
- Establish a high level of credibility and manage strong working relationships with both internal (local and Group-level) and external stakeholders
- Contribute fully to the development of company strategy across all areas of the business - challenging assumptions and decision-making as appropriate and provide world-class financial capability with a focus on controls and FP&A
- Ensure accurate and timely financial and management reports are produced in-line with company and legislative requirements
- Provide leadership and direction to the finance team in accordance with the group's vision and business strategy, providing key advice on external influences and their potential impact on the business
- Lead potential M&A activities from the finance perspective
- Ensure that company financial systems are robust, compliant and support current activities and future growth
- Manage the capital request and budgeting processes; ensure corporate budgeting processes are carried out and reviewed

The ideal candidate is likely to have the following profile:

- Senior finance leader with ~20 years of experience; five to ten years in senior finance leadership positions within the FMCG sector in the MENA region (experience in food manufacturing mandatory)
- Track record of success within both MNC and local businesses
- Commercially astute, articulate, technically strong, dynamic, insightful, and influential leader
- Experience in transformational and change management scenarios
- Strategic and operational
- Exceptional communication skills at all levels; will be culturally sensitive with the ability to work effectively with colleagues/partners of various nationalities
- Ability to handle high levels of pressure and critical decision-making
- High integrity and openness combined with commitment to good governance
- Energetic, highly motivated, with an enquiring mind and passion for excellence and innovation in pursuit of business growth and success
- Accounting qualified (ACA, ACCA, CIMA); will hold a degree from a reputable university; post graduate qualification similar universities is preferable (MSc, MBA)
